PROFESSIONAL EXPERIENCE

CLASSLINK

Clifton, NJ

Software Developer

May 2022 - Present

- Led front-end development for a new product, driving user interface architecture, design implementation, and seamless backend integration for a successful launch and positive user reception.
- Ensured compliance with ADA (Americans with Disabilities Act) guidelines and developed applications with a focus on accessibility to accommodate users with disabilities, providing an inclusive user experience.
- Leveraged Angular, Sass, and Node.js to write clean, scalable, and reusable code, following programming documents for efficient development
- Collaborated closely with UI/UX designers to translate design wireframes and mockups into pixel-perfect, intuitive user interfaces, ensuring consistent branding and visual aesthetics.
- Designed robust and reusable Angular components, elevating the company's platform, frameworks, and services to enhance overall functionality and user experience.

IMPERIAL DADE

Jersey City, NJ

Senior Contracts Specialist

Jan. 2019 - Jan. 2022

- Managed a team to ensure seamless upload of contract renewals, extensions, and amendments into internal analytics cloud software, maintaining accurate and up-to-date contractual data.
- Led the onboarding process for new team members, providing comprehensive technical training and tracking key milestones to ensure a smooth integration into the team.
- Generated precise monthly reports for vendors, resulting in rebates exceeding \$10 million, demonstrating meticulous attention to detail and financial expertise.
- Orchestrated effective communication and served as the primary point of contact for over 30 vendors, handling all contractual communications and commitments with professionalism and efficiency.

DREW & ROGERS

Fairfield, NJ

Business Analyst Internship

May 2018 - Dec. 2018

- Coordinated, created, and presented comprehensive reports to management by leveraging pivot tables and functions to manipulate data effectively, providing valuable insights and actionable recommendations.
- Developed frameworks to address data, analytics, and strategy needs, driving business growth.
- Conducted market research for investment opportunities, providing strategic insights.
- Analyzed and inputted account/assets information to ensure policy compliance and customer satisfaction.
